

# EDMONTON DAILY CAPITAL

VOL. IV. No. 211.

EDMONTON, WEDNESDAY, SEPTEMBER 3, 1913.

TWELVE PAGES

## COUNCIL RE-APPEALS PLEBISCITE UPON COMMISSION FORM

Alderman East's Motion for a Vote by People Defeated by a Trick.

NO DEBATE ALLOWED REGARDING SUBJECT

Minority Falls into Trap Laid by Majority and Edmonton Residents Are Deprived of Right of Expression.

The minority in the council chamber made an attempt last night to get the approval of the majority to Alderman East's motion that a plebiscite be taken on the commission form of government, notice of which was given at the previous meeting.

In a snappish motion to adjourn made by Alderman East, the majority in council led the minority into a trap with the result that a unanimous vote was recorded in favor of Alderman East's motion, seconded by Alderman Driscoll, that the motion "be now put."

This action on the part of Alderman East's motion, seconded by Alderman Driscoll, that the motion "be now put."

The motion reads: "That a plebiscite be taken at the next municipal election to ascertain whether or not the ratification of the city of Edmonton are in favor of a commission form of government which embraces elective commissioners, the initiative, referendum and recall."

## ANOTHER AVIATOR DEAD IN MISHAP

Machine Falls, Fuel Tank Bursts, and His Burns Prove Fatal.

Strasbourg, Germany, Sept. 3.—Another German military aviator, a non-commissioned officer of the name of Kahl, died today as the result of injuries received in an aeroplane accident. He was making a trial flight when his machine fell 100 feet. The fuel tank burst and he was badly burned.

## STRIKERS ATTACK MINE WATCHMAN

Knock Him Down With Scantling and He Empties Shotgun into the Crowd.

Vancouver, Sept. 3.—Trouble is reported last night from Cumberland mines where a score of strikers attacked the watchman. They knocked him down with a scantling and then emptied both barrels of his shotgun into the party.

Cries followed the shots in the darkness and the attacking party fled.

PLAGUE ON THE INCREASE.

Washington, Sept. 3.—Plague is assuming alarming proportions near the Canadian port of Vancouver, according to state department reports.

## WOMEN FIGHT CAVALRY AND NON-UNION MINERS

Mounted Patrol Finds it Necessary to Use Force to Drive Them Back—Stones and Cans Used as Weapons—Two of Them Arrested and Will Be Prosecuted.

Calumet, Mich., Sept. 3.—Women strike pickets attacked non-union miners today in the streets of Red Jacket, and when cavalry men arrived the women turned on them, throwing stones and cans.

## ALFONSO SPARES LIFE OF ASSASSIN ALLEGRO

Madrid, Spain, Sept. 3.—King Alfonso XIII commuted the sentence of six prisoners, who had been condemned to death, to imprisonment for life. Among them was the anarchist Rafael Sanchez Allegro, who fired three shots at the king in an attempt to assassinate him on April 13 last.

## WILSON HEARS AS TO TARIFF

Underwood Thinks that the Senate Has Cut Off Too Much of Revenue.

Washington, Sept. 3.—Representative Underwood, leader of the house, was at the White House to talk tariff with President Wilson today.

"We hope to dispose of the difference between the house and senate in a conference in less than two weeks," said Mr. Underwood. "I am not disposed to fight the senate for the purpose of maintaining the house provisions. There is no difference of principle involved. I believe the senate has cut too much revenue from the bill and if I can convince the conference that my estimates are correct I think the senate will be willing to put some of the revenue back."

Senator Simmons, chairman of the finance committee, also called to talk to the president about the tariff.

## YORKTON SEEKS TO BE INCORPORATED AS CITY

Special Census Enumerator Finds that There are 5,218 Souls in Yorkton—Committee Appointed to Verify Report.

Yorkton, Sask., Sept. 3.—Special Census Enumerator Peacock reported to the council last evening that after having made a most careful estimate of the population of Yorkton and checking the figures from the 11 districts into which the town had been divided to avoid any possible duplication of names here, he found Yorkton to have a population of 5,218 souls.

A special committee was appointed by Mayor Livingstone to check over the report, examine the affidavits of the enumerators and report on the advisability of the town seeking incorporation as a city.

## THREE PETTY OFFICERS AND FIVE MEN DROWNED

United States Battleship Nebraska Loses Port of Crew When Ship's Launches Met Hurricane.

Newport News, Sept. 3.—Three petty officers and five men of the battleship Nebraska were drowned today when one of the ship's launches was wrecked in a hurricane sweeping the Chesapeake Bay.

The old Dominion liner Moback is reported sunk in the bay with a crew of eight and some passengers. The report is unconfirmed and the line has no information.

TO CONSIDER CANAL PROJECT.

Ottawa, Ont., Sept. 3.—The appointment of a commission to consider the practicability of the Georgian Bay canal project will be taken up shortly by the minister of public works. Heretofore the investigations have had reference wholly to the engineering features of the work and the estimate of cost. What is now proposed is an inquiry into the economic aspect of the project and its probabilities as a profitable proposition.

ESTATE OF PROFESSOR MILNE.

London, Sept. 3.—The late Professor John Milne, noted mining engineer and seismologist, who actively interested himself in the development of British Columbia and Newfoundland, left an estate valued at £1,000. He bequeathed his scientific records and instruments to the British association.

FOR PRISON REFORM.

Ottawa, Sept. 3.—Supervision of prison reform in Canada will likely be given, Mr. Meighen's first assignment as solicitor-general. It is understood that in this connection Mr. Meighen will be given absolute charge of the work of penal investigation and reform.

PLAGUE ON THE INCREASE.

Washington, Sept. 3.—Plague is assuming alarming proportions near the Canadian port of Vancouver, according to state department reports.

WOMEN FIGHT CAVALRY AND NON-UNION MINERS

Mounted Patrol Finds it Necessary to Use Force to Drive Them Back—Stones and Cans Used as Weapons—Two of Them Arrested and Will Be Prosecuted.

Calumet, Mich., Sept. 3.—Women strike pickets attacked non-union miners today in the streets of Red Jacket, and when cavalry men arrived the women turned on them, throwing stones and cans.

## PARSONS LOSES CONTROL UNDER LATEST SCHEME

Mayor Presents the Bowness Plan for Departmental Reorganization.

NEW IDEA FOR PUMPING PLANT AND POWERHOUSE

One Would be Under the Water Works' Superintendent and the Other Under the Electric Light Management.

A new organization chart on which is laid out all the departments under the civic administration was submitted by the mayor to the council last night and looked over in committee of the whole. It is the work of Cost Engineer Bowness. It was then, on motion duly made and seconded, laid on the table.

If this new organization means anything it proposes the placing of the powerhouses under the control of the electric light department and the pumping plant under the control of the waterworks department, both now under the management of Superintendent Parsons.

The chart also definitely divides the duties of the commissioners. There will be a commissioner of utilities, one of public works and one of health and safety.

## CANADIANS ARE HON. MEMBERS

Taft Elected President and Twelve Canadians Honorary Members.

Montreal, Que., Sept. 3.—Amid roving cheers, which lasted three minutes, William Howard Taft, president of the United States, was unanimously elected president of the American Bar association last afternoon.

From the Canadian standpoint the most notable feature of the proceedings at afternoon was the unanimous election of 12 Canadians to the position of honorary members of the American Bar association.

This was the first time that the association has elected Canadians to the position of honorary members. The list of honorary members, followed by Sir Wilfrid Laurier, Sir Francis Lauder, lieutenant-governor of Quebec; Hon. C. J. Doherty, Sir Charles Peers Davidson, chief justice of Montreal; Prof. Albert Mathew, Dean Wilson of the McGill law faculty; Mayor Lavallee, J. E. Martin, K.C., lieutenant of the Quebec bar; and A. C. Sweeney, who has been instrumental in inducing the American Bar association to meet in Montreal.

Guide of Canadians the only choice of an honorary member of the association was that of Maitre Gustave Ladue, leader of the French bar.

## DUBLIN STRIKE GROWS ACUTE

Situation Made Worse by Lock-out in Coal Trade—Feeling Bitter.

Dublin, Ireland, Sept. 3.—The strike situation here is rendered more acute by a lock-out in the coal trade.

The merchants at a meeting decided that they no longer would employ men belonging to the Transport Workers' union, which will not permit its members to deliver the coal of certain firms.

The feeling between workmen and employers is very bitter.

SOME DEAD IDENTIFIED.

London, Sept. 3.—Identified dead of the midland train wreck in Westbury, as follows: Wilhelmina Farsie, trained nurse, Glasgow; J. Patterson, accountant, Stewell Hill, London; Rebecca Train, Glasgow; Birmingham; Miss Wood, aged 70; Motherwell, Scotland; Jessie Lee, aged 30; Muriel Morrison, aged seven; Spald Morrison, aged five and aged three, these three being children of Mrs. Morrison of Southsea, Hampshire, who lies dangerously injured in Carlisle infirmary.

## ARREST IS LOOKED FOR TONIGHT IN HUDSON'S BAY MURDER CASE

POLICE SUSPECT MANIAC OR MAN INSANELY ANGRY

Cunning and Diabolical Contrivance to Lure Victim to His Death.

SUSPICIOUS CHARACTER SEEN ABOUT THE SHACK

Pulled Down His Cap and Made Away When Approached—Crowds of the Curious Visit Scene of the Crime.

The killing of James McNulty presents to the police one of the most complex and peculiar cases which has ever come before the force in this city. The general opinion expressed both by Chief Carpenter and the other members of the force who are working on the case, is that the crime was committed by a maniac or one whose anger was so great that his vindictive spirit had planned cunningly and for many days previous to the act every action and movement.

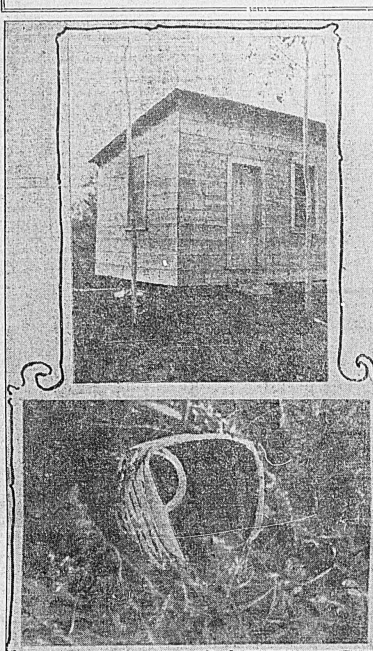

The police have some very substantial clues to work upon and feel almost certain that an arrest will be made tonight. Several plain clothes men have been detailed to look for the man whom they suspect.

This morning, in fact since dawn, the members of the plain clothes department have been engaged in ferreting out clues and endeavoring to solve the many phases which the case presents. As reported exclusively in the earlier edition of the Capital the detectives this morning found a cunning and diabolical contrivance which was evidently used to lure the victim to the front door where the murderer shot him as he came out.

This death trap consisted of two strings which are shown in the accompanying picture running from the rear of the shack around the out house to a point where, cleverly concealed, were

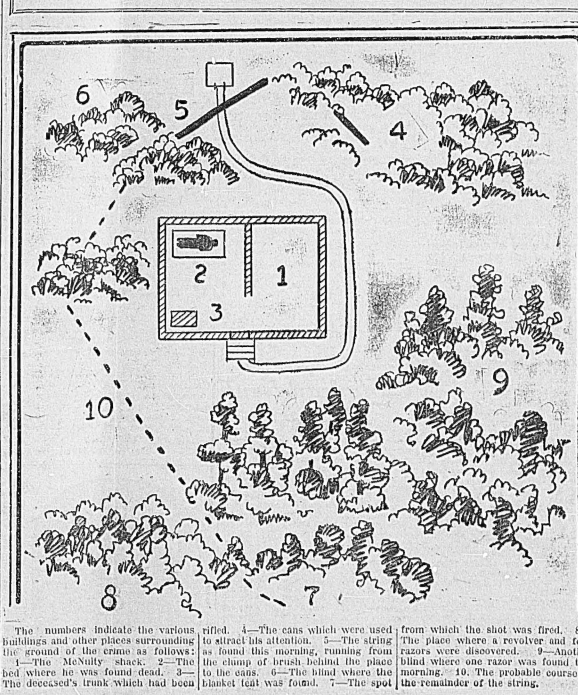

(Continued on page two)

SLAIN MAN'S SHACK AND DEVILISH CONTRIVANCE TO LURE HIM TO DOOR.

Upper picture shows McNulty's home, and the lower the diabolical arrangement of cans to cause him to leave it.

CAPITAL'S STAFF ARTIST OUTLINES SCENE OF THE TRAGEDY.

The numbers indicate the various buildings and other places surrounding the ground where the crime was followed: 1—The McNulty shack. 2—The bed where he was found dead. 3—The deceased's trunk which had been

## THAW IS LOSER; HABEAS CORPUS WRIT SUSTAINED

As He Leaves Judge's Chamber He is Arrested as Undesirable Alien.

STARTS IMMEDIATELY TO COATICOKE FOR HEARING

Fugitive's Lawyers seem Stunned, and Immigration Officers Jostle Them from Room Into the Corridors.

Sherbrooke, Sept. 3.—Harry K. Thaw today lost his right to defy deportation by remaining in the Sherbrooke jail.

Judge Hutchinson this afternoon sustained a writ of habeas corpus calling for his release.

Thaw remained detained for possibly three minutes.

The crowd began to leave the judge's chamber in silence.

Thaw followed immediately. As he crossed the threshold, E. Blake Robertson, assistant superintendent of immigration, tapped him on the shoulder and ordered him to remain under arrest as an undesirable alien.

The crowd then surged from the building and it was announced that Thaw would be taken immediately to Coaticook for a hearing.

Thaw's lawyers seemed stunned. Special officers of the immigration department jostled them into the corridors.

"I'll see you in Coaticook boys," said Thaw, waving his hand to the reporters.

A by-product of Thaw's escape, the case of "Gentleman Roger" Thompson, chauffeur of the car that whirled Thaw away from Montreal, was set for trial before Magistrate Mulvewa today.

Thompson was held in \$500 bail last week on the double charge of entering the Dominion by stealth and of assisting Thaw, an undesirable alien, to cross the border.

He is subject to a maximum fine of \$500 and three months in jail.

Thompson's case was called at 10:30 o'clock and with the consent of both sides was put over for a week. His bail was continued.

## YUAN SHI KAI IS GOING TO RESIGN

Makes the Announcement He Will Quit Presidency when Peace Comes.

St. Petersburg, Sept. 3.—Provisional President Yuan Shi Kai, of the Chinese republic, today issued a decree announcing his intention of resigning office as soon as peace is restored, according to a telegram from Mukden today.

GRAIN STEAMER AROUND

Sault Ste Marie, Mich., Sept. 3.—The steamer Alfred P. Wright, bound round with a cargo of barley, went around on the Vidal Shoals above the Soo last night. It is estimated that about 20,000 bushels of grain must be lightered before the ship can be released. A lighter accompanied by tugs is at the scene of the wreck today. The Wright is not leaking and workers expected to release it today.

JAIL FOR BLACKMAILER

London, Sept. 3.—Heinrich Krenmer, a German clerk, was sentenced today at the Old Bailey sessions to 15 months' hard labor on a charge of attempting to blackmail Lord Rothschild. He had sent a threat to murder Lord Rothschild unless he received \$100,000.

EARL GOES ON STAGE

London, Sept. 3.—The Earl of Carrick is the latest recruit from the ranks of nobility to the musical stage. He was announced today that his appearance has been arranged for an early date in a one act play entitled "A Point of Honor."

MAY COME TO CANADA

London, Sept. 3.—The Rev. C. S. Quinlan, vicar of Holmfirth, Yorkshire, is considering the offer to become rector of Brandon, Man. Mr. Quinlan recently conducted a mission of help in western Canada.

CANADIANS IN WRECK.

Montreal, Que., 3.—Mrs. Robertson, of Vancouver, and John G. McNulty, of Montreal, were the Canadians in the midland wreck. Mrs. McNulty but he was rendered unconscious. Both are all right.

GRABBED LAMP,  
AND WAS KILLED

Testimony Given at Inquest  
that Lineman Failed to  
Take Hold of Cutoff.

trial was held at the original, the electrician was called to the stand. He testified that he had been on duty for per last night, met his death by grasping the arc lamp which he was repairing, indicating that he was not aware of the fact that the current was turned on. He stated at the inquest before Dr. Foran this afternoon by W. Barnhouse, forensic physician, that he was not aware that Mr. Barnhouse added that the accident was caused by Berginal not wearing his rubber gloves, which were afterwards found on the floor.

Mr. Barnhouse stated that a cut-off for turning off the current was placed on the wall of the room, and that in the hand of the deceased, Mr. Barnhouse had come to the conclusion that Berginal had accidentally touched the cut-off switch, and that he had turned the cut-off. The witness added that between the cut-off and the lamp there was a switch.

L. Winter, one of the Jurymen, remarked that it was a very serious matter.

ter it the mere simple act of touching the wire should cause death, and asked if there was no way to prevent it. His wife, Mrs. Barnhouse replied that the type of lamp in use in Edmondton was employed all over the world, and that all danger would have been obviated had Berglund worn his gloves.

Approximately 700 volts of electricity were produced by Berglund's body, according to Mr. Barnhouse. He said that had he been for the life, the witness added, Berglund might have had a fair chance of recovery, for, though 700 volts was quite sufficient to kill a man, it did not by any means always prove fatal.

After a 12 day dispensary cure, and two days in the hospital, Berglund was thrown into the hospital, where he died. L. Berglund, 374 S. 12th street, died.

By Bernina, aged 66, was electrocuted on Jasper avenue east last evening in front of the Johnstone-Walker departmental store. The deceased, together with his companion and fellow worker, H. Baker, had been sent out by the

city electric light department to fix several of the lamps which illuminate the pole 30 feet in the air, before hundreds of people who thronged the street, could be killed by the falling electricity which caused his death.

It was the first time, it is stated, that the first intimation that anyone had that there was anything wrong was when a man, who was standing very dry and strook his hand in the air, posing for a moment or two, then falling, and the crowd, which had gathered to the Opus bell, telephoned to the power house asking that the current be cut off.

At the same time, a man, who was lung, caught by his left leg, which he had wound around the projecting arm, fell, and after a struggle of about four or five minutes, afterwards falling to the pavement, crushing the current, and the crowd, which was struck. His left eye was practically forced from the skull by the pressure of the current, and the head, which was the scalp and frontal bone were smashed by the fall. The charge of electricity, which was coming out from the coming out at the shoulder, and death

The deceased had been employed for some time by the city and was considered competent in every way. Just what was the cause of his receiving the shock cannot be ascertained, but it is thought that he touched one of the live wires which run beside the pole with his hand, thereby short circuiting the current. He was married, leaving his wife and three small children to mourn his demise.

Dr. Forin has called an inquest for 2 p.m. at Connelly and McKinley's where the body now lies.

**TO AID BILINGUAL SCHOOLS.**  
Ottawa, Sept. 3.—The movement originated in Quebec to assist the French-Canadians in Ontario in their fight for the propaganda of bilingual schools has so far netted \$12,000.

Saskatoon, Sept. 3.—The general synod of the missionary society of the Church of England will be held here on October 9 and 10, and will be attended by delegates from every diocese in the dominion and by some from China and Japan.

## EAST AND MAY'S QUERIES BLOCKED

Motion to Adjourn is Ruled as Denying Them Information Asked For.

This "tag" rule last night again blocked Alderman May at the council meeting last night when an attempt was being made to force through the motion to adjourn and cut him off. Alderman Cuddeback moved an adjournment and insisted that the question be put. Alderman May urged on the mayor that according to procedure he had the privilege of making inquiries before adjournment. The mayor ruled that the motion to adjourn was in order and put the question which carried, thus cutting off Alderman East and May, both of whom asked the privilege of making inquiries.

Alderman May wanted to get some information on the status of the special finance committee, and his inquiry handed in to the clerk, reads as follows:

(1) That the commissioners furnish this council with full particulars of the negotiations between the city and the city and that the entire correspondence, letters, telegrams, documents, etc., together with the minutes of the special finance committee be brought down and laid on the table for the information of this council; also all other matters re the finance of the year as per the standing rules and regulations of this council.

(2) As per the standing rules of this council, will the commissioners or the secretary of committees please bring down to this council the minutes of all meetings of the special finance committee?

Alderman East asked for a complete and itemized account of the money spent by the mayor on the Rabbit Hills water scheme.

## CONTRACTORS TO FIND THE MONEY

Council Authorizes Paving on Fifth Street East to Assist Contractors.

Taylor and Mercer, the paving contractors, have come to the rescue of the city in time of financial stringency with an offer to find the money for the paving of Fifth street east from Sixth avenue south to Thirtieth avenue south.

Mr. Taylor told the council that owing to the curtailment in the paving program this year, his company would have 10,000 yards of the asphaltum which they tender was based. This was a serious blow to them, and in the case of Fifth street east he stated that the material was on the ground for the work.

The mayor stated that since this was the case, he thought that the council should do everything possible to make up this loss to the company. He explained that this particular paving program had not been authorized this year and suggested that it be referred to the public works committee to be considered with other matters already referred to this committee. A motion to this effect was put and decided carried. The report of the committee was asked for the next meeting of council, that no delay be allowed in connection with the work.

## PROPERTY OWNERS WANT 9TH PAVED

Delegation Waits on Council to Ask that Paving Work Be Continued.

The owners of the wholesale property lying between Jasper and McLeod avenues on Ninth street appeared at the council last night to urge the immediate resumption of paving this wholesale street. Their case was presented by Solicitor R. V. Macdonald, who informed the council that the owners are ready to accept (treasury) money from the city and pay the contractors in cash for the work. The council will authorize it as proposed at once.

It was explained that since this street is to be used for street car service, the petitioners would agree to pay only a 20-foot strip on each side of the street railway allowance and put in the curb and gutter. This strip would still leave a four-foot margin between the paving and the street car right-of-way, thus removing the objection that it is bad practice to pave first and lay the street railway tracks after. The approximate cost of this pavement is given as \$12,000. The reason given by the solicitor for his clients having made this offer is that they realize that in the usual course of things it will not be possible to get the work done this year and that means the muddy season in the spring when the street is in horrible shape. Accordingly the owners decided that they would be agreeable to finance the money and paving the cost of the work in cash.

Referred to Committee. The offer was referred to the public works committee to be taken up by Mr. Macdonald. The council decided to be favorably disposed to the scheme and suggested that the usual petition be signed by the owners and presented by the report of the public works committee at the next meeting of the council.

## LIVINGSTONE'S FOR DISCHARGING INSPECTOR M'VOIR

Alderman Would Punish Violations of the Building Bylaw Provisions.

REPORT IS ASKED FOR REGARDING SITUATION

Councilman East Declares He Believes in Living up to the Statutes, but Does Not Approve Colleague's Method.

Alderman Livingstone suggested the dismissal of another department head as council ordered last night—Building Inspector Melvor. Arising out of an application from John McNeil for privilege to erect an iron or steel transfer on an upper avenue, Alderman Livingstone severely criticized the wisdom of allowing these infractions of the building bylaw. "If we have a building bylaw that will hold water," he stated, "then let us have the police department to tear down all these buildings, and if not, let us fire the building commissioner."

"Yes, let us fire everybody," said Alderman East.

He said he believed in living up to the bylaw, but when people break the law he looks exception to the method advocated by his colleague in recommending the "firing" of the superintendent. He contended that what was to the council to see that the property of those who had built expensive buildings was safeguarded by the enforcement of the building bylaw. He pointed out that the erection of small, cheap buildings alongside of these.

Alderman East explained that his colleague had misinterpreted his meaning, as he intended to have the building "commissioner" up in the enforcement of the bylaw.

Alderman May corrected Alderman Livingstone, stating that it was the first time he knew that such an officer existed as a "building commissioner."

A motion made by Alderman Driscoll to file the application was lost on a favorable vote to an amendment by Alderman Livingstone and second of Alderman Cuddeback that the request be referred to the building inspector for a report together with a statement as to the reason for other similar buildings having been allowed to be erected on Queens, Namoy, Jasper, Whyte and other main avenues of the city in apparent violation of the city's building bylaw.

## ELM PARK PEOPLE NEED SIDEWALKS

The chairman of the school board and other residents of Elm Park south of the city have petitioned the council for sidewalks in this locality. It appears that there are over 600 people living in this suburban section, but there are two schools and not a single sidewalk or improvement of any kind. It was pointed out to council that the residents must either wade in the mud for a mile and a half to a street car or take the G.T.P. local into the city. It was stated by the delegates that Mayor Armstrong had promised sidewalks and other improvements last year. This promise, however, has not been kept and the residents are now petitioning the council to take action on this matter. The ex-mayor's word was taken as a guarantee, that this would be done and the residents are now petitioning the council to take action on this matter. Since that time they have been waiting in vain for relief.

The mayor informed the delegation that while he could not be responsible for the promises of his predecessor, yet he wanted to see something done. He also told the delegation that it was the custom to build to the schools first.

The matter was referred to the commissioners for examination and report. The lack of funds interfered with finding ahead with the work and it appears that a temporary walk in some sections has been made and the residents are now petitioning the council to take action on this matter. Since that time they have been waiting in vain for relief.

## TO PAVE ROAD TO HIGHLANDS

Ald. Livingstone Submits Personal Report and Council Does Not Hear Committee.

The Mayor's proposition to construct a paved street from the corner of the Division grounds to the Highlands and thence it was reported on favorably by Alderman Livingstone of the public works committee. He prepared a report in which he recommended that the proposition would not be a good one, and that it would be establishing a precedent. Since reaching this conclusion, Alderman Livingstone explained to the council last night that Mr. McGrath had met the objections to the

proposal and he had therefore, as chairman of the committee, brought in this report in favor of the proposition. An amendment by Alderman May and second of Alderman Livingstone to the effect that the proposition be referred to the committee to be taken up by the committee at the next meeting of the council was put and decided lost. Alderman East and May voted in favor of the amendment and Alderman Smith, Cuddeback, Walsh, Livingstone and Driscoll opposed.

Alderman Livingstone moved the adoption of the report of the committee and the question of Mr. McGrath's amendment was put and decided lost. Alderman East and May voted in favor of the amendment and Alderman Smith, Cuddeback, Walsh, Livingstone and Driscoll opposed.

The effect that he will finance the entire cost of the 70-foot paved street, estimated to cost \$100,000, if the city will agree to make the alterations prior to February 1st. Alderman East stated that until some time ago he had been in the city's congressional district were paved he would not support any proposition to pave roads to outside subdivisions. If the city's council could be stretched to take care of these roads it could also be stretched to pave the lanes. He also objected to the alterations being made by McGrath unless a clause is provided in the agreement so that they may not be made at a price lower than that for which other city alterations have been placed. The mayor stated that he could see no reason why the offer should not be accepted as it was for a pavement that was badly needed and which the city would get without having to pay out anything for it at present. He explained to the council that the city would be protected in the matter of the disposal of the debentures so that a repetition of the school debentures would not be experienced.

## Wonderful Bargains in Real China

We've just opened up another lot of those old pieces of fine Austrian china. They are pieces that were left over in the factory after the sets were all matched up. We purchased several thousand of those old pieces and place on sale another lot for Thursday. These are all of high grade real china and the prices represent only about half of the value.

## Wools for Fancy Work

Our stocks are now complete and include all shades, making it advisable to select your wools now. A little later the lines will be broken and you may be unable to obtain the shades you desire.

Shedding Floss is always a big seller, as it lends itself to the making of many articles that heavier wools are not so well adapted for. It is made of pure wool. Per skein 7c

Eiderdown Wool, in all the popular shades, good heavy quality; 3 skeins for ..... 25c

Berlin Wools, in 4-fold and in 8-fold—all shades—and guaranteed full weight; 3 skeins for ..... 25c

Busy Body Fingering Yarn for close and light knitting. Black, white and all shades. Our price is very special at, per skein 10c

Women's French Kid Gloves of Special Quality at \$1.50  
They are "Perrin's" make—and of special quality. These are made of selected French kid skins and only the best parts of the skins are used. Every pair is most liberally guaranteed. They come in black, white, and in all the leading shades. Without doubt they are the best gloves on the market at the pair

## Women's Stylish New Skirts at \$2.95

Some time ago we made the largest single purchase of tweed fabrics ever made by any firm in Alberta—we bought such an enormous quantity because taking the entire lot gave it to us at about half the regular price. Some of these goods we placed on sale in the dress goods section and from the balance we made up, in our own factory, these 300 skirts. They are in six different styles and include all the usual tweed shades and mixtures. All women's and misses' sizes. If purchased in the regular way, we'd have to get from \$4.00 to \$6.00 for these skirts. As it is they will be on sale Thursday at

**2.95**

## One of the Newest Coats—Black Plush—Price \$27

One of the latest arrivals in our Women's Coat Section is a lovely coat of rich black plush. It is uncrushable and has a deep pile and a bright lustrous finish. Has large roll collar, turn-back cuffs and fastens with silk frogs and silk buttons. Sizes 14 to 18 and 34 to 42. It is an exceptional coat both in appearance and value. Price

**\$27**
